Subject: Five-Year Escalation of Reclamation Surety, Black Sands Holding Co., Black Sands-47278, S/047/0085; Black Sands-47279, S/047/0082; Black Sands-47280, S/047/0083; Black Sands-47281, S/047/0084; Black Sands-47287, S/047/0081; Black Sands-47288, S/047/0086; Uintah County, Utah

Dear Mr. Pucciarelli:

The Division recently reviewed the three-year escalation of your Black Sands Mines 47278, 47279, 47280, 47281, 47287, 47288, located in Uintah County, Utah.

The last surety estimate for these mines was \$18,600 in 2006 dollars per 5 acre mine. The surety for each mine escalated to the year 2014 is \$25,200. The total amount for the 6 small mines is \$151,200. The current total surety amount held is \$111,600. The surety amount due is \$39,600. Please provide the updated surety within 60 days or no later than August 25, 2009.

It is the understanding of DOGM that Black Sands Holding Co. no longer has the right of entry from SITLA. Please amend page 3 of your NOI to reflect the change in the right to enter. You will need to get authorization from SITLA if you want to continue to reclaim the mine sites.

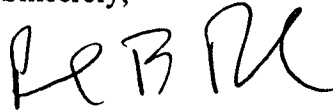

You may provide additional cash to the existing surety and no other paperwork will be necessary. However, if you choose to post another form of surety, please contact Penny Berry at (801) 538-5291 to obtain the current bonding forms or you may access the current forms on the internet at <http://www.ogm.utah.gov/minerals/MINERALSFORMS.htm>. Please fax a "draft" copy of the documents so we can review them for completeness and accuracy before they are finalized.
